

## Teacher's Planning Partner Endorsements

"This lesson planner will make planning with the Common Core much easier. It takes planning your year and covering all of the expectations and combines it all in one place, making for a more organized and well-prepared teacher."

-Jennifer Zebrowski, Teacher - Racine, Wisconsin

"I find that the Learning Targets - Organizing the Common Core Standards lesson plan book is an essential tool for teachers to work through the Common Core, with their colleagues, to organize their lessons in a concise and coherent manner, and to understand how the CCSS impacts learning."

-Chad Dahlk, Principal, Lance Middle School - Kenosha, Wisconsin

We tested this and it works!

**Julie Krautkramer, M. Ed.**

Julie has been teaching for over 25 years at both private and public schools. She has been an instrumental part of curriculum writing teams and vertical teams, and, like you, has strived to plan lessons that are creative and help students succeed. For her school district she has been a presenter for literacy in-services, and has been a cooperating teacher/mentor for student teachers.

**Michael Krautkramer, M. Ed.**

Michael has been a science and math teacher for over nine years at both private and public schools and has taught adult education for over 25 years. He has a broad technical background, as well as a background in music and theater. He has designed innovative lessons that follow curriculum guidelines to inspire students to be at their best.

**Lesson Plan Books**

**Our unique lesson plan books** help teachers plan units that will comply with the Common Core State Standards (CCSS). We have planning books for Grades K-2, 3-5, and 6-8. This book is designed as a template to help you organize your ideas and plan your units for the school year. It also provides planning space to organize resources, procedures, and assessments.

- Provide easy to use template for planning units that meet the CCSS
- Save time
- Include learning targets, units, assessment checks, and daily lesson plans all in one book
- Provide an easy way to demonstrate accountability (We provide space for assessment plans.)
- Unify learning themes (e.g., problem based learning) that meet the CCSS
- Facilitate team planning

**Checklist Posters**

**Checklist posters** of the CCSS for English language arts and math provide students a visual of their learning goals. We offer checklist posters for grades 3-8.

- Empower students to track their own progress and take ownership of their learning
- Inform parents of new learning expectations when displayed during Open House, Back to School nights and Parent/Teacher Conferences
- Provide bolded terms that help student zero in on the learning target or core of the lesson

**Black Line Checklists**

**Black line checklists** of the CCSS for English language arts and math can be used by teachers, students, and parents to check learning progress. We offer black line masters for grades K-8.

- Empower students to track their own progress and take ownership of their learning
- Allow teachers, students, and parents to check learning progress

We are excited to offer you Teacher's Planning Partner, a tool to help you plan units that meet the Common Core State Standards, or CCSS.

These products provide simplicity, flexibility, time savings, and ease of accountability. We organized the CCSS to empower teachers and students to focus on creativity and learning, while following the CCSS guidelines.

Teacher's Planning Partner works with most CCSS programs.
